

## Factsheet «Travel Admin App»

<http://www.eda.admin.ch/traveladmin-en>

### Travel Admin

Travel safe and  
worry-free

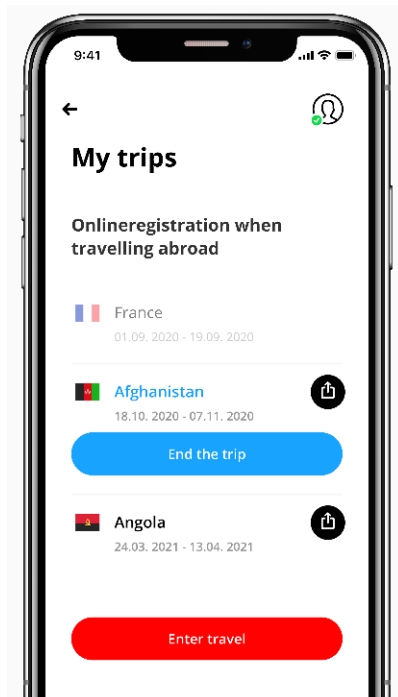

Using the Travel Admin App you can relax more and worry less during your travels. The app was developed for a practical communication between you and the Federal Department of Foreign Affairs (FDFA):

In a few steps you can create your personal profile and register your trip.

This enables the FDFA to notify you in the event of a crisis. In addition to the local emergency numbers, you will also find contact details of the diplomatic and consular representations in your country.

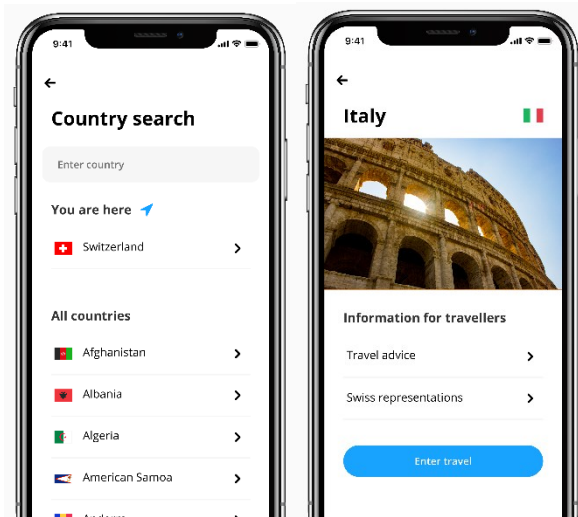

The Travel Admin App also offers personal checklists for travel planning and handy travel information from the app partners UBS, SWI swissinfo.ch and TCS.

### Register your trip and submit your location

Additionally to registering your trip, you can add the contact information of your travel companions, store an emergency contact and save the address of your destination with the Travel Admin App. Registration with the app also allows you to notify the FDFA of your location, should a serious crisis occur at your travel destination.

You can easily update your location at any time and send it to the FDFA as well.

### Current information on over 200 countries

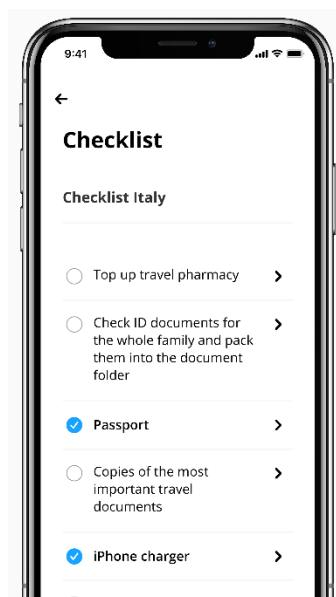

Via the Travel Admin App you can consult the current travel advice on the FDFA's website for your destination to optimally prepare for your next trip abroad.

### Consulates and embassies worldwide: Find Swiss representations abroad easily.

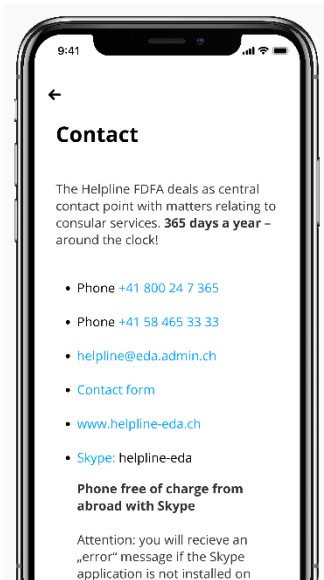

The Travel Admin App displays all Swiss representations abroad that offer services to Swiss citizens. For the each embassy or consulate, information such as the address, opening hours, phone numbers and e-mail are displayed.

In addition, the local emergency numbers are displayed as well (fire department, police, ambulance).

### Don't forget anything: practical checklists

Use the integrated travel checklists, which can be tailored to your personal needs. The checklists can also store documents such as passport copies, travel plans or insurance policies.

## Quick help abroad: Helpline FDFA

The FDFA's Helpline can be contacted through the app via Skype, phone or e-mail and is available for questions 365 days around the clock.

Download the free Travel Admin App from the App Store or Google Play and prepare for your trip in the best way possible!
